

DOUBLE-BLIND PEER REVIEW FORM

Thank you for agreeing to a reviewer. We are keen to ensure a high standard of papers submitted for being published in the Journal titled “Analele Universității din Oradea. Științe Economice / The Annals of the University of Oradea. Economic Sciences” (AUOES), ISSN-1582-5450 (electronic format, CD-ROM and on-line), ISSN – 122569X (print format), Editura Universității din Oradea / Oradea University Press, and the paper that is being sent to you has been submitted after a first selection process made by the Editorial Board based on this author/s abstract and full paper submission. In general the standard of papers forwarded to us after the vetting of abstracts and full papers is good, but occasionally some weaker papers are also accepted for double-blind peer review. We are eager to help authors who may not yet have achieved a suitable skill in writing academic papers to the necessary quality. To this end we would be grateful if you would, wherever possible, provide constructive advice as to how they can make the paper more acceptable for publishing in a high quality academic and research journal as AUOES would like to claim to have become.

Please complete the table below and rate the paper on the issues described. As with all double-blind peer reviewing any comments you make will be passed to the authors on an anonymous basis.

As we strive to feedback comments to authors within 2 weeks of their paper submission please try to complete the review within that time.
